

Infranility Joins Finance for Biodiversity Pledge at COP16

Paris, 31st October 2024 – Infranility, a leading infrastructure investment platform, proudly announces its commitment to the Finance for Biodiversity Pledge, revealed on Finance Day during COP16 in Cali, Colombia. This step aligns with Infranility's dedication to sustainable investment and biodiversity protection.

The Conference of the Parties to the Convention on Biological Diversity (CBD COP 16) focuses on aligning National Biodiversity Strategies with the Kunming-Montreal Global Biodiversity Framework (GBF). Finance Day mobilizes the finance sector to support the GBF's goals and targets, emphasizing the critical role of financial institutions in biodiversity conservation.

By joining the Finance for Biodiversity Pledge, Infranility commits to a series of impactful actions aimed at protecting and restoring biodiversity. This commitment is part of a broader movement within the financial sector to address the urgent need for biodiversity and ecosystem protection. The Pledge includes commitments to:

- Collaborate and share knowledge
- Engage with companies
- Assess impact
- Set targets
- Report publicly by 2024 or within two years of signing

Infranility's participation in the Finance for Biodiversity Pledge highlights its commitment to integrating biodiversity considerations into its investment strategy. By aligning its operations with the goals of the GBF, Infranility aims to contribute to a sustainable and biodiverse future. This commitment not only enhances the resilience and sustainability of Infranility's investment portfolio but also supports global efforts to halt and reverse biodiversity loss.

About Infranity

Infranity is an asset management company specializing in sustainable infrastructure investments. The company was founded by three partners, Philippe Benaroya, Alban de La Selle and Gilles Lengaigne, as part of a strategic partnership with Generali Investments, and manages €11.4 billion of assets under management on behalf of institutional investors as of Dec 2024. The investment solutions deployed by Infranity are based on the resilience of the asset class and its stable returns over the long term, as well as its ability to contribute to sustainable development. They seek to respond to the major challenges facing society, such as the energy transition, green mobility, the digital transition and the improvement of social infrastructure in the health and education sectors. This positioning, combined with a high degree of selectivity in the investment process, enables Infranity to generate sustainable value for its professional clients. Infranity is an affiliate of Generali Investments, one of the 10 largest asset managers in Europe recognised for delivering consistent investment returns and establishing enduring and trusted relationships with clients, and a key component of Generali's capabilities in real assets.
